LAUNCHING NOVEMBER 2026

The First Anywhere Double Cleanse
ELEVATE THE STANDARD

GREAT SKIN DOESN'T TAKE A DAY OFF.

The first luxury double cleanse that goes wherever life takes you. A bigger, better standard for skincare that keeps up with a busy schedule.

FORMULATED WITH ALL CLEAN INGREDIENTS

The First Anywhere Double Cleanse. Two Steps. Zero Water.

A busy life shouldn't get in the way of great skincare

THE CLOTHS

Your on-the-go spa experience starts with an oversized textured cloth with the feel of a luxurious washcloth, sized to cleanse the face, neck, and décolleté in one pass. It's followed by a second smooth finishing cloth that leaves skin refreshed, hydrated, and smooth.

THE DOUBLE CLEANSE

Melts away makeup, SPF, and impurities with a textured cloth that provides gentle manual exfoliation, then finishes with a conditioning rice water essence.

THE FINISH

Rice ferment, hyaluronic acid, panthenol, and allantoin leave skin feeling clean, refreshed, hydrated, and never stripped.

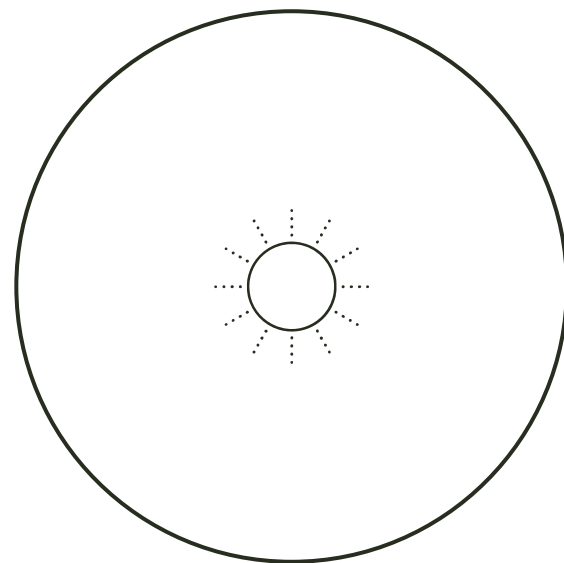

MEET KLEAN SOCIÉTÉ

Skip The Sink. Not Your Skincare.

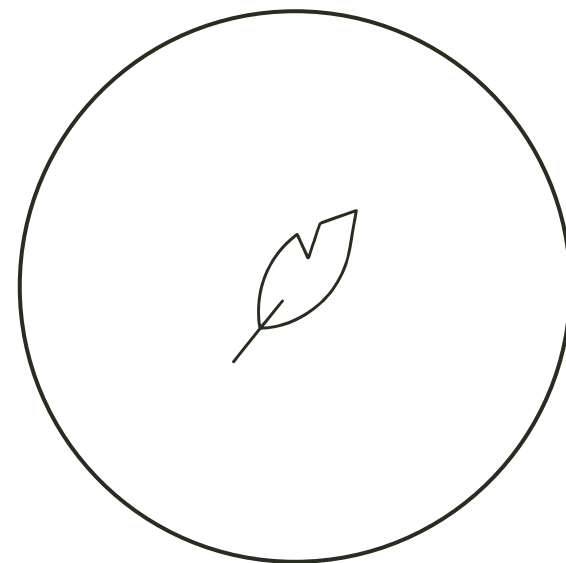

Klean Société brings together beauty and convenience in a way that fits seamlessly into modern life; whether your routine happens on a red-eye or after a long night.

Created for people who expect more. People who are conscious of the products they are using and look for high quality, clean ingredients. People who know that living life on the go doesn't mean lowering your standards.

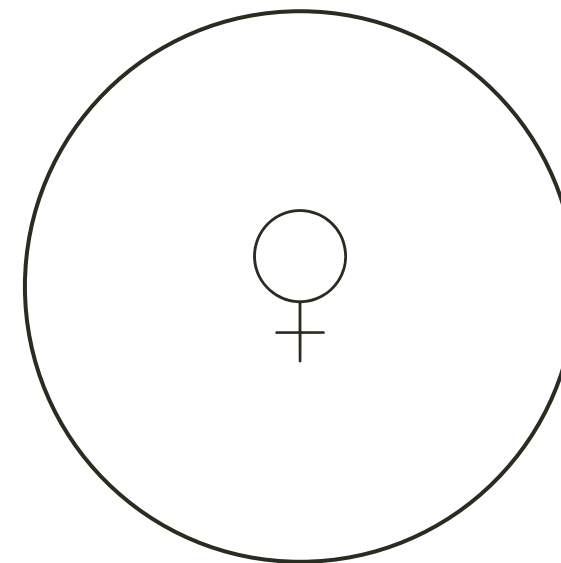

Because no one should have to choose between high standards and convenience.

★★★★★

It was amazing! Like a spa treatment quite frankly. My skin felt so soft and clean, and I woke up with the same feeling.

The wipe itself is extremely soft on the skin and it's HUGE. Step 2 was so key. It wiped away all the oil while still leaving my skin feeling moisturized and refreshed. My skin was glowing afterward.

★★★★★

Fully taking my makeup off in the Uber on the way home after a concert and being ready to hit my pillow when I got home was awesome.

★★★★★

The cloth to be the perfect size. I went over my face and neck several times, turning the cloth over and continuing to use it until I felt all of Step 1 was completely removed. After use, my skin felt clean and hydrated.

That second step is a game-changer. I'm obsessed. I've never used anything like it. With normal makeup wipes, I'd go through three.

Sharron
VERIFIED CUSTOMER

★★★★★

There's no wipe out there that matches this quality! This two step process elevates the cleansing results and leaves my skin feeling clean and refreshed.

Jessy
VERIFIED CUSTOMER

★★★★★

Even with sensitive skin, the product left skin feeling hydrated and calm after use, with no lingering irritation.

I can't believe how much product is on each one! And the size of the cloths are huge. I absolutely love this!!!

KLEAN SOCIÉTÉ BEGAN WITH A STANDARD...

WE WANTED BETTER.

The idea of a full skincare routine at the end of the day is not always realistic. Life is busy. Schedules run long: flights, hotels, early-morning workouts, late-night celebrations, and even exhaustion from mom life. The products we rely on should simplify, not complicate everyday life.

Over time, it became clear the category had not kept pace. Convenience had overtaken quality. Ingredient lists had grown longer. Cleansing wipes, in particular, had become an afterthought.

Klean Société was created to change that. From the beginning, every detail was considered. Ingredients selected with intention. Materials chosen for performance. Manufacturing kept close to home. Less, but better.

What began with cleansing quickly revealed a larger opportunity. Across beauty, personal care, travel, and everyday essentials, consumers are increasingly seeking products that combine thoughtful formulation, superior function, and effortless convenience.

Klean Société is for those who expect more. For those who move through full days and longer nights without lowering their standards and understand that even the smallest choices carry weight. Because a higher standard should not require more effort.
